

# PANORAMA® STERLING® 60

INTERIOR VIEW

Comparison of performance on 1/4" (6mm) thick clear glass.

## PANORAMA® STERLING® 60

Sterling 60 offers moderate heat and glare reduction, added privacy and ample natural light. This film is lightly tinted, with a subtle reflective finish inside and outside.

The Sterling Series offers a high level of visible light transmission and solar energy performance, generally with relatively higher reflectance.

<b>Fade control</b>								
UV Tdw-ISO @ 300 to 700 nm %	85	45	82	45	74	41	70	40
Fade reduction %	0	47	0	45	0	45	0	43
Ultraviolet light blocked @ 300 to 380 nm %	27	>99	34	>99	41	>99	50	>99

1. Performance results are calculated using NFRC methodology and LBNL Window software, and are subject to variations within industry standards and only intended for estimating purposes. This data is provided for informational purposes only and are subject to normal manufacturing variances.  
 2. Performance results for glare and fade reduction are calculated by comparing filmed glass to that of untreated glazing.
